## ELIPSENETWORKS PARTNERSHIP PROGRAM

### THE PROGRAM

The Partnership Program consists of an exchange of services between ElipseNetworks and other companies that work in similar fields (such as website and graphic design, software development, online applications, etc).

ElipseNetworks provides its partners with the technology required to increase productivity and branding solutions for them to act as resellers in their country.

You will be using the ElipseNetworks brand and will be backed by the talent of our designers and developers, and will be selling top-quality products in your country, receiving a percentage for every sale you make.

### ADVANTAGES

- You will be working in YOUR field of interest.
- You are supported by a respected, experienced design group.
- The minute you become a partner, you will receive all the marketing material you need to start selling.
- ElipseNetworks provides its partners with 24/7 support.
- You will receive huge commissions for each sale.
- YOU are in charge of managing the project, and will be assisted at all times by an ElipseNetworks representative.
- Immediately increase the quality of your products.

### REQUIREMENTS

- You MUST have an existing website and portfolio online.
- Once your partnership is approved, you MUST include the ElipseNetworks Partnership logo in your website (unless you decide to redirect your website to <http://www.elipsenet.com>)
- It is necessary that you provide us with information about your company (How much do you charge for your products?. How many clients do you have?. What service(s) does your average client request?. Where are you located?. Are you an established company?. How many people work for your company?. Where did you hear about us?).

**We are looking for partners/resellers to represent us worldwide. If you are interested in our work or would like to ask any question, please do not hesitate in contacting us at:**
